

BACTI-KLEAR[®] PELLETS

AQUATIC MICROBIAL BLEND

Ready-to-use pellet designed to decrease levels of organic matter in lakes and ponds while reducing odors and improving water clarity.

- Pellets sink quickly, targeting the “muck” on the lake bottom and areas near beaches and docks
- Contains bacteria and enzymes for digesting sludge and eliminating odors
- 3 billion Colony Forming Units (CFUs) per gram
- Enzymes Produced - Amylase, Cellulase, Lipase, and Protease
- Does not contain pathogenic bacteria
- Properly treated water may be used for swimming, fishing and animal consumption.

Enzymes produced digest:

- Leaf litter
- Dead algae cells
- Grass clippings
- Dead plant matter
- Other components commonly found in organic pond sediment (“muck”)

CAUTION: May cause serious eye damage and skin irritation.

KEEP OUT OF REACH OF CHILDREN

Read all Precautionary Statements and First Aid on label before use.

Contains Corn Starch; Benzenesulfonic acid, C10-13-alkyl derivs., sodium salts; Rice Hulls; Palmitic acid; Stearic acid; Surfactant (proprietary); Amides, coco, N-(hydroxyethyl); magnesium distearate.

CAUTION:

May cause serious eye damage and skin irritation. Do not get on clothing. Do not taste or swallow. Do not inhale dust. Wash hands thoroughly after handling. Do not mix with any other chemical.

Manufactured for:

FIRST AID

IF INHALED: Remove individual to fresh air. Seek medical attention if breathing becomes difficult or if respiratory irritation develops. **IF ON SKIN:** Flush skin with water for 15 minutes. Take off all contaminated clothing. Seek medical attention if irritation develops. **IF IN EYES:** Flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation develops. **IF SWALLOWED:** Immediately drink water to dilute. Seek medical attention if symptoms develop. Never give anything by mouth to an unconscious person.
IN CASE OF EMERGENCY, CALL 1-800-654-6911.
Have the product container or label with you when calling a poison control center or doctor or going for treatment.

DIRECTIONS FOR USE

For use in lakes, ponds, water hazards and irrigation tanks. Apply between Spring and Autumn, at any time of the day when water temperature exceeds 50°F.

Works effectively in a broad pH range between 5.5 and 8.5.

1. Wear proper safety equipment including rubber gloves and eye protection when handling or applying product.
2. Determine the surface acres of the treatment area:
Length (ft.) x Width (ft.) / 43,560 = Surface Acres
3. Determine the amount of product required, using the chart below.

Start-up Applications (Pounds per Surface Acre)	Maintenance Application (Pounds per Surface Acre)
20	10

Start-Up Applications: Apply specified dose every 30 days until desired level of organic matter reduction is achieved.

Maintenance Applications: Apply specified dose every 30 to 60 days to maintain desired appearance.

4. Spread pellets evenly using a scoop, handheld fertilizer spreader, or mechanical-type spreader.

STORAGE AND DISPOSAL

Store in cool place in closed container out of direct sunlight. Do not reuse empty container. Rinse empty container thoroughly with water, then offer for recycling, or dispose in accordance with state and local regulations.
