

Aqua-Prep®

Protein Solution

Bacterial-enhancing protein solution

Aqua-Prep® Protein Solution is a scientific blend of fermented proteins with surfactants designed to increase the efficiency of naturally occurring bacteria in reducing organic pond sediment ("Muck").

Advantages

- Enhances activity of resident bacteria to naturally consume decaying organic matter - resulting in balanced lakes and ponds with improved clarity and reduced odors
- Use with other bacterial pond products like Bacti-Klear® Aquatic Microbial Blend or Nutri-sorb® Aquatic Microbial Blend
- Increase in contaminants' metabolism

Certified to
NSF / ANSI 60

Application

Dilute and disperse evenly with clean sprayer or other appropriate method, either before or with a bacterial treatment.

Restrictions & Regulatory Information

No general water use restrictions are applicable at label rates.

Specifications

Active Ingredient(s)	proteins with surfactants
Appearance	Clear water-like solution
Dosing	Initial application: 0.5 gallons per acre-ft. Maintenance: between 0.25 and 0.5 gallons per acre-ft.

Packaging

SKU Number	Unit Size	Case Count	Case Weight	Pallet Count	Pallet Weight
395225A	2.5 gallon	2	48 lb	32	1648 lb
