Colors water blue

Blue Springs® Lake and Pond Colorant improves the visual appeal of pond water by tinting the water a pleasing blue color. Helps to clarify cloudy or off-colored water. Great for golf course irrigation ponds that require short wait times to irrigate.

Advantages

- Tints water a pleasing blue
- Concentrated formulation
- Easy to apply - just pour around the edges
- Disperses quickly and evenly within hours

Application

Determine water volume then apply by pouring the colorant solution around the edges of desired area

Restrictions & Regulatory Information

Allow several hours for this product to disperse before swimming, irrigation, or fishing. Do not apply this product directly to drinking water sources.
